

## Did you know that you can use your Xbox One or PlayStation 4 to access Microsoft Teams?

We know it is tough to access a device during lockdown, but you can use your games console as a computer to access your college work.

- Plug a keyboard into the USB slot.
- Go to **my games and apps**.
- To move around you use the X Box control or plug in a mouse.
- Find your web browser, google, safari, etc.

- Identify the Play Station internet browser (www with dots around it).
- Press the PS4 logo on the controller.
- Go to your **library** and find options for games and applications.
- Go to **applications** and you will find the internet browser.

- Search for **isle of wight college** and login as you would in college.

You can then access your work through Office365 and use key packages, including:
